

Become a supporter of the arts!

The Vernon Chorale invites business leaders to partner in its mission to develop choral singing skills, educate audiences through performances, and support the growth of young musicians. Our concerts aim to educate and lift the spirit of our community and provide a platform for future singers, conductors, and music educators. With community support we can continue to bring people together and enrich the culture of our community now and in the future. Won't you consider supporting our efforts?
